ORDER:

In the reference 7th read above, the Engineer-in-Chief(Irrigation), Hyderabad has sought permission for drawal of 0.091 TMC(0.029+0.062) of water per annum from Udayasamudram Balancing Reservoir of AMR SLBC Project by M/s.Kaminenei Steel and Power India Private Limited, Sy.No.174 to 179 Yellareddyguda(V) Sy.No.46 to 50 of Cheruvugattu(V) of Narketpally(M), Nalgonda District for their two units with usual terms and conditions subject to the concurrence of District Collector, Nalgonda and the clearance of Pollution Control Board etc.

2. Government after careful examination, hereby accord permission for drawl of 0.091 TMC(0.029TMC+0.062TMC) of water per annum from Udayasamudram Balancing Reservoir of AMR SLBC Project by M/s.Kaminenei Steel and Power India Private Limited, Sy.No.174 to 179 Yellareddyguda(V) Sy.No.46 to 50 of Cheruvugattu(V) of Narketpally(M), Nalgonda District for consumptive use, for their two units with usual terms and conditions to Power Plant as well as Industrial use shall applies in toto, subject to the concurrence of District Collector, Nalgonda and the clearance of Pollution Control Board and also subject to the following terms and conditions:-

- i. The agency may be permitted to draw water from the O.T. Sluice No.3 of Udaya Samudram Balancing Reservoir, Panagal.
- ii. The agency has to make their own arrangements for construction of well/cistern to draw the water from O.T Sluice with their own cost.
- iii. Digging of well within 30 Mts. From the toe of bund of U Stank, Panagal is not permitted.
- iv. Acquisition of Land from farmers or from the Government for construction of well will be the responsibility of the agency only.

P.T.O.,

- v. The agency has to obtain all necessary permissions for power supply and laying pipe line from U Stank, Panagal to proposed factory at Srirampuram(V) and construction of structure enroute, from the department concerned.
 - vi. The cost towards supply of water from this department will be recovered from the agency at the rate fixed by the Government from time to time and will have to be borne by the agency.
 - vii. If the agency accepts the above conditions, they should furnish the detailed drawings showing the location of the well and pump house etc., and should obtain approval from the department.
 - viii. The rate of 1000 Gallons has to be calculated as per revised APCPDCL Power tariff and will be enhanced from time to time as per APCPDCL and other parameters.
 - ix. The present rate of royalty charges as per the G.O.Ms. No.39, I&CAD(PW:QC&IWS/COD) Department, Dated:02-04-2002 is Rs.4.50 per 1000 gallons for consumptive use. The water royalty charges are likely to be revised by the Government from time to time and the industry shall pay the revised rates as fixed by the Government from time to time. Royalty charges should be paid every month and non-payment of Royalty charges in any month should result in stoppage of water.
 - x. The firm has to pay the water charges for the estimated quantity in advance at the start of the Financial Year (i.e.) before 10th April every year as per BSO.
3. The Engineer-in-Chief(Irrigation), Hyderabad shall take necessary action accordingly.
